REGIONAL ECONOMIC DEVELOPMENT COUNCIL PANEL PROGRAM (REDC) FY17

REDC reviews requests for planning, presentation and staffing of the performing, literary and visual arts that encourage broader participation and public interest in the cultural heritage of the state and promote economic development by supporting arts and cultural activity. A multidisciplinary-based panel of organizational leaders and administrators is assembled. Traditionally, the program draws from a large catchment of panelists and borrows panelists from across all other NYSCA programs when needed. The roster includes panelists from 27 NYS Counties.
