## About the New York State Council on the Arts (NYSCA)

### *Mission*

The New York State Council on the Arts is dedicated to preserving and expanding the rich and diverse cultural resources that are and will become the heritage of New York's citizens. The Council believes in supporting the following:

- Artistic excellence and the creative freedom of artists without censure, and
- The rights of all New Yorkers to access and experience the power of the arts and culture, and the vital contribution the arts make to the quality of life in New York communities.

NYSCA strives to achieve its mission through its core grant-making activity and by convening field leaders, providing information and advisory support, and working with partners on special initiatives to achieve mutual goals. Further, NYSCA's vision for cultural development in the State is reflected in the following goals:

- Sustaining a vital ecosystem of individual artists and cultural organizations that supports the creation, presentation, critical review, and distribution of the arts and culture;
- Celebrating our rich range of artistic and cultural resources inclusive of diverse cultures and aesthetics;
- Encouraging artistic and discipline field advancement;
- Broadening public access, appreciation, participation, and education in the arts and culture throughout the State; and
- Providing recognition and professional advancement for artists and arts administrators.

### *Values*

At NYSCA, our efforts are guided by our belief in the fundamental importance of arts and cultural expression in people's lives and a commitment to serving our three constituencies: artists, arts and cultural organizations, and the public. We believe that:

Artists are at the center of creative endeavor. Therefore, we are committed to providing artists with opportunities for artistic development and the public presentation of their work. Toward this end, the Council encourages arts and cultural organizations to work with artists to support the creation, presentation, and dissemination of their work, and serves as an advocate on artists' issues.

**Strong arts and cultural organizations are vital to connecting the arts to people's lives.** We are committed to assisting a wide range of arts and cultural organizations – small and large, new and established – to achieve their artistic, programmatic, educational, community, and organizational goals. As the arts field evolves and changes, NYSCA seeks to support organizational development and ongoing professional development, continuity of leadership, and improvement of professional conditions for leaders within cultural organizations.

Every citizen of New York State can have a meaningful connection to creativity and every community has a right to cultural self-determination. The Council is also committed to make the arts accessible to all the citizens of New York State. We aim to support worthy artistic and cultural activities that serve traditionally underserved communities or populations. These are the racially or culturally diverse, economically disadvantaged, people with disabilities, rural populations, and those who may experience discrimination on the basis of age, gender, or sexual orientation. We are committed to fostering public understanding and enjoyment of arts and culture through support of arts education, public participation, and lifelong learning programs in schools and community settings for children and adults.

## Eligibility

The New York State Council on the Arts awards grants to nonprofit organizations either incorporated in or registered to do business in New York State, Indian tribes in New York State, and units of government in municipalities in New York State. An organization must have its principal place of business located in New York serving the State's constituents.

Individuals and unincorporated groups may not apply, but an eligible nonprofit organization, known as a fiscal sponsor, may apply on behalf of an individual or unincorporated group.

A fiscal sponsor is a New York State nonprofit organization that applies to NYSCA on behalf of individual artists or unincorporated arts organizations or groups. The fiscal sponsor accepts responsibility to serve as a fiscal conduit for a NYSCA-funded project, receiving and disbursing funds related to the grant, and administering the requirements throughout the NYSCA grant process, including final reporting of grant activity. The unincorporated artist or group completes the project activity.

## Prequalification

Pursuant to the New York State Division of Budget Bulletin H-1032, dated June 7, 2013, New York State has instituted key reform initiatives to the grant contract process which require nonprofits to register in the Grants Gateway and complete the Vendor Prequalification process in order for applications to be evaluated. Information on these initiatives can be found on the Grants Reform Website.

All Applicants must be Prequalified in the Grants Gateway at the time and date that the application is due. Applications received from nonprofit Applicants that have not registered and are not Prequalified in the Grants Gateway by the application due date and time listed at the beginning of this document cannot be evaluated. If you are not Prequalified at that time and date, your application will not be considered. **Such applications will be disqualified from further consideration.**

Grants Gateway Document Vaults must be submitted no later than March 22<sup>nd</sup> in order to prequalify your organization by the March 30<sup>th</sup> deadline. If you wait until March 22<sup>nd</sup>, NYSCA cannot guarantee any issues that arise during staff review, including missing or incorrect documents, will be resolved by the application deadline. Consequently, NYSCA urges you to submit immediately.

Below is a summary of the steps that must be completed to meet registration and Prequalification requirements. The Vendor Prequalification Manual on the Grants Reform Website details the requirements and an online tutorial is available to further explain the process.

## Grant Amounts

The Council's overall funding is determined annually during the State's budgeting process and approved by the NYS Legislature. There is no assurance that the Council's funding awards will remain the same over an annual or multi-year term.

Previous grant funding from the Council does not guarantee support in any succeeding year, and past grant funding amounts are not indicative of future funding levels.

The Council does not make grants in amounts less than \$2,500, nor does it make grants that would constitute the sole source of financial support for an organization.

The Council rarely funds more than 50% of a project's entire budget, and in the case of requests for general support, the Council rarely funds more than 25% of an organization's budget.

### ***Single-year and Multi-year Grants***

Some Council grants are awarded on a single-year basis, and some grants are awarded on a multi-year basis and are renewable for up to five years.

Organizations with a continuing multi-year grant or grants must register each of those grants in the NYSCA system for each year they are in effect. Failure to register a continuing multi-year grant will result in cancellation of the grant.

Multi-year support is awarded when the panel, staff, and Council agree that a similar level of service or activity will be sustained by the applicant organization over successive years. Multi-year grants represent the Council's agreement to offer successive years of support without requiring a full application and review of the grantee in the succeeding years. Annually, multi-year grantees are required to: update the Organizational Information Profile, register for continued multi-year support, notify Council staff of their programming, activities and any major institutional changes, and file annual final reports.

## **Funding Restrictions**

### ***Limitations of the Number of Applications***

For FY2017, organizations are limited to two grant requests each. Each ongoing multi-year grant counts as one of these requests. Please note that the following categories are exempt from the two request limit (in other words, requests in these categories do not count towards an organization's limit of two requests).

- Architecture and Design Program - *Independent Projects category*
- Dance Program – *Rehearsal Space and Residencies category*
- Electronic Media & Film Program – *Workspace, Art & Technology category*
- Facilities Program - *All categories*
- Folk Arts Program - *Apprenticeships category*
- Folk Arts Program - *Regional and County Folk Arts Programs category*
- Individual Artists Program – *All categories*
- Literature Program – *Translation category*
- State and Local Partnership Program - *Decentralization category*
- All Programs - *Regrants and Partnerships category*

### ***Ineligible Activities***

New York State law and Council policy restrict the types of activities and expenditures that the Council may fund. The Council is unable to award funding for the following:

- Accumulated deficits and debt reductions
- Activities not open to the public, for example, activities restricted to an organization's membership. Funded activities must be open to the public and promoted as such
- Competitions and contests
- Components of an organization's budget that are not directed towards programs in New York State

- Entertainment costs for receptions, openings, and fundraising benefits/events
- Major expenditures for the establishment of a new organization
- Operating expenses and fellowships at professional training schools that are not open to the general public
- Operating expenses of privately owned facilities (such as homes and studios)
- Out-of-State travel expenses
- Programs of public school districts or their components or affiliates
- Programs that are essentially recreational, rehabilitative, or therapeutic
- Programs of New York State agencies or departments
- Requests for amounts that are greater than an organization's total operating expenses minus its total operating income
- Programs of public colleges and universities except under limited circumstances. Entities with close public college or university affiliations will be examined on a case-by-case basis to determine eligibility. **Such applicants are strongly advised to contact Council program staff listed on page 2 of this document in advance of the registration deadline to determine eligibility.**

## Application Timeline

### 1. *Open Period*

**For FY2017, the grant opportunity timeline will commence with an open period during which** NYSCA staff members will be available to answer questions that arise during the development of a funding proposal. NYSCA encourages all applicants to consult with Program staff regarding the types of programs that can be funded as well as to secure input on how best to complete their application well before the application period opens.

Contact information for this program is included on page 2.

### 2. *Application Period*

The application period opens on **February 25, 2016**. To establish a complete application, each applicant must register their request in the NYSCA system **and** submit a Grants Gateway application for each program they are applying to. To ensure the fairness of the FY2017 NYSCA application process for all NYSCA applicants and in compliance with New York State procurement guidelines, Program Staff will not be able to discuss or review application contents or answer substantive questions about proposed projects or program guidelines once the active application opens.

However, NYSCA and Grants Gateway staff are always available to answer any technical questions about how to utilize the NYSCA or Grants Gateway systems. Please do not hesitate to contact NYSCA's offices with questions. Phone: 212-459-8800. NYSCA has a [Help Desk](#) designed to assist applicants with the technical aspects of the online application process.

Grants Gateway staff is also available to answer technical questions about the Grants Gateway system. They can be contacted at [grantsreform@its.ny.gov](mailto:grantsreform@its.ny.gov); or (518) 474-5595.

**Please note that as the application deadline approaches, staff receive a high volume of calls and emails and response times may slow. We strongly urge all applicants to begin the prequalification and application process as soon as possible.**

### 3. *Applications Due*

Applications are due at the date and time established on page 2 of this document. **When submitting**

**your application in the Grants Gateway please be aware** that only a Grantee Contract Signatory or a Grantee System Administrator can submit an application on behalf of your organization. Other roles may be able to initiate an application but the actual submission must be completed by the roles previously mentioned. If you are signed in to the Grants Gateway with any other role you will not be able to submit your application. Applications submitted after the deadline will not be eligible for funding.

## Funding Criteria

The Council, program staff and panelists use the following three primary criteria outlined in statutory requirements to evaluate all grant applications.

### ***Service to the Public***

As a public funder, NYSCA must ensure that its grants support a broad array of cultural activity that fully represents the diversity of the State and that the supported events are accessible to the broadest possible public in every region of the State. In addition, it must ensure that the organization's and events it supports complies with public safety and accessibility laws. The following are considered elements of service to the public. Applicants will be evaluated based on their strength in these areas.

**Promotion and Outreach:** an organization demonstrates that it makes significant efforts to reach a broad and diverse audience through marketing and public relations efforts.

**Audience Development:** the organization offers thoughtful and well-designed educational and interpretive activities that help build audience appreciation and understanding of the organization and its work.

**Audience/Visitor Participation:** the organization's commitment to its programs and activities - as demonstrated through attendance data (relevant to the population of the community served) as well as customer satisfaction surveys (if available and appropriate).

**Safety & Accessibility:** the activities and events that support is being sought for will take place in venues that are fully accessible to the public and comply with all safety and accessibility standards.

**Diversity of Programming:** programming reflects significant efforts to reach a broad array of artists and audiences.

**Community Service:** the organization brings value to its community through partnerships with local businesses and schools, free and low-cost events, and in other appropriate ways.

### ***Artistic/Programmatic Excellence***

NYSCA believes in artistic excellence without boundaries, and its evaluation process embraces the widest variety of cultural and artistic expression being offered to the public in a broad array of settings and contexts, including classrooms and community centers, parks, open spaces, and traditional venues.

NYSCA considers four dimensions of proposals when evaluating applications:

**Idea:** the concept or artistic impetus behind the artistic work or services proposed.

**Practice:** the effectiveness of the artistic work and the impact it has on those experiencing it, or in the case of services, the effectiveness of the services in practice and their impact on the community served.

**Development:** the contribution the artistic work makes to the development of the artists involved, the art form, and the arts generally, or for services, the contribution the services make to the development of a vibrant arts and cultural community in the State.

**Context:** the context in which the work or services are being presented and the appropriateness of the work or services in that context.

### ***Managerial/Fiscal Competence***

As a public funder, NYSCA must ensure that funded organizations are capable of carrying out their proposals and will be ethical and effective stewards of public funds.

NYSCA considers four dimensions of managerial competence when evaluating applicant organizations.

**Mission:** The organization's activities must relate directly to its written mission statement. A mission statement should (1) define the organization's purpose for being and core values, (2) determine its structure, functions and purpose, (3) be approved by the organization's board, and (4) be reviewed regularly and updated when appropriate.

**Governance:** The organization should have a governing board of directors or trustees, and that group should be diverse and appropriate to the mission of the organization. The board should provide administrative, financial, and ethical oversight for the organization by:

- Adopting enabling documents, including by-laws and a mission statement, both of which are reviewed at regular intervals
- Selecting a chief executive and annually reviewing her/his performance
- Reviewing and approving the annual budget and ensuring that proper financial controls are in place
- Engaging in adequate fundraising for the organization by making a personal contribution to the organization and actively soliciting support on its behalf
- Ensuring fiscal and programmatic integrity and maintaining accountability by upholding legal standards and ethical norms
- Maintaining and enforcing a conflict of interest policy
- Ensuring effective organizational planning by participating in an overall planning process and monitoring its implementation
- Recruiting and orienting new board members and assessing board performance
- Enhancing the organization's public standing and value

- Understanding, monitoring, and strengthening the organization's core programs and services

**Organizational Management:** Organizational management will be assessed based on the extent to which the leaders of the organization comprehend their roles, advance the mission, and plan for the future. Responsible management hinges on the:

- Existence of a professional staff appropriate to the size and mission of the organization
- Implementation of board policies by professional staff
- Comprehension, review, and revision of policies by staff and with the board as needed
- Preparation of a year-end statement of the organization's financial condition and program activities
- Offering of competitive compensation and health benefits to employees
- Appropriate compensation of artists
- Existence of personnel policies that include job descriptions and performance evaluations for board members, staff, and volunteers
- Development and implementation of a strategic plan incorporating input from the board, staff, community and other stakeholders.

**Financial Management:** The organization will be evaluated based on whether it provides adequate human and financial resources to enable the organization to work toward fulfilling its mission and managing those resources appropriately. Successful financial management includes:

- Raising adequate financial resources for operating costs, cash reserve, endowment, and short and long-term capital needs
- Developing a balanced operating budget which includes contingencies, contains realistic projections of revenues and expenses, and is approved by the board
- Reviewing revenues and expenses in relation to budget at regular intervals and taking steps to raise funds or cut costs when necessary to balance the budget
- Establishing a finance committee that meets regularly to review financial statements and that reports directly to the board
- Engaging an independent financial auditor that reports directly to board
- Engaging in cost-effective fundraising activities.
- Written financial policies exist that govern investment of assets, internal control procedures, purchasing practices, reserve funds, compensation expense account reporting, and earned income
- Internal financial processes are monitored, including handling of checks, petty cash, cash disbursements, and payroll management, in order to prevent errors and misuse of funds
- The use of restricted funds is monitored
- Reports comparing Adopted Budget to actual revenue and expenses are made available to appropriate staff in a timely manner
- There is a fund development plan that ensures a diversified funding base
- Financials demonstrate diversified funding base
- Budget variances of more than 10% are noted and explained
- Operating deficits are explained and there is a deficit reduction plan for accumulated deficits.

### ***Educational Impact***

The nature and extent of the applicant's planned efforts to educate and orient the public about the proposed project or activities of an organization

## ***Geographic Location***

The scarcity or availability of comparable services or activities in the geographic region in which proposed services or activities will take place

## ***Funding Availability***

The nature and extent of the availability of other public and private funds to support comparable activities

## **Application Review Process**

The Council uses a multi-step process involving program staff, peer review panels, a committee of Council members, and the full Council, as described in more detail below.

### ***Staff Review***

Once an organization submits a request, the Council's program and administrative staff verify applicant eligibility and review application materials according to the Council's **primary criteria** identified above and program- and category-specific guidelines. Staff may meet with representatives of the organization, visit facilities, and attend programs to become familiar with the organization and its work.

### ***Peer Review Panels and the Rating System***

After staff review, the peer panel convenes with program staff present in each program category. The panel is composed of at least seven people and represents a diverse group of professionals from across the State. Each member has relevant and specific expertise. NYSCA accepts nominations for panelists from the general public. To nominate an individual for panel service consideration, visit the [panelist nomination](#) page.

Staff review results are shared during panel meetings. The panel evaluates and rates each request on a scale from 1-9 according to the Council's three primary criteria:

- Artistic/Programmatic Excellence
- Managerial/Fiscal Competence
- Service/Outreach to the Public

Each request is individually rated by each panel member during a meeting. These ratings are then aggregated to one average score for each request. These ratings are primary to informing the funding recommendations made by NYSCA Program staff for consideration by the appropriate Council Committee.

Staff assigns recommended grant amounts to each request based on the ratings, panel discussion, and the budget allocation to the program. Staff also prepares panel comments which reflect the discussion at the panel meeting. These panel comments help Council Committee and Council members understand the major issues that surfaced during panel discussions. These panel comments are available to the applicants if requested, and become part of the applicant's funding history within the NYSCA.

### **Rating System Score Chart**

<b>Score</b>	<b>Descriptor</b>	<b>Additional Guidance on Strengths/Weaknesses</b>
<b>9</b>	Exceptional	Exceptionally strong (model and standard for field or discipline with essentially no weaknesses)

8	Outstanding	Extremely strong with negligible weaknesses
7	Excellent	Very strong with some minor weaknesses
6	Very Good	Strong with numerous minor weaknesses
5	Good	Strong but with at least one moderate weakness
4	Satisfactory	Some strengths but with some moderate weaknesses
3	Fair	Some strengths but with at least one major weakness
2	Marginal	A few strengths and a few major weaknesses
1	Poor	Very few strengths and numerous major weaknesses

**Minor Weakness:** An easily addressable weakness that does not substantially lessen impact.

**Moderate Weakness:** A weakness that lessens impact.

**Major Weakness:** A weakness that severely limits impact.

### ***Council Committees***

Funding recommendations, panel ratings and panel comments are presented to the appropriate Council Committee for review and discussion. The Council Committees make funding recommendations to the full Council. Council Committee meetings are open to the public and are webcast. These webcasts are archived and available to the public on the NYSCA website at [www.nysca.org](http://www.nysca.org).

There are two committees composed of Council Members: Visual, Performing and Literary Arts; and Multi-Disciplinary Arts. The Committees may agree or disagree with staff funding recommendations. In the event the Committee makes a funding recommendation that differs from the staff funding recommendations, a new recommendation is agreed upon and the updated recommendation is then presented to the full Council along with the rationale for the recommendation.

Council Committee action is subject to the same scrutiny as peer panel reviews in that a clear rationale must be articulated when adjustments are made, and all actions must be based upon how organizations' applications were evaluated based upon the three primary criteria.

### ***The Council***

Led by the Chair, the full Council reviews the funding recommendations of the Council Committees and votes to approve grants. The Council is the ultimate decision maker and retains the authority to agree or disagree with recommendations, and propose new recommendations. Upon Council approval of a grant, Cultural Service Contracts are issued to the organizations approved for funding. Council meetings are open to the public and are webcast. These webcasts are archived and available to the public on the NYSCA website at [www.arts.ny.gov](http://www.arts.ny.gov).

### ***Applicant Statement***

In order to ensure fairness in the application review process, applicants are strictly prohibited from contacting Panelists associated with and/or involved in the activities or affairs of the New York State Council on the Arts (NYSCA) in any way to obtain or share information regarding the NYSCA application review process. This includes all activity associated with NYSCA at its main office, including panel discussions, and all

communication with NYSCA staff including, but not limited to exchanges via email, telephone, or online system.

All data, materials, knowledge and information generated through, originating from, or having to do with NYSCA or persons associated with our activities, including contractors, is to be considered privileged and confidential and is not to be disclosed to any third party. This also includes, but is not limited to, any information of, or relating to, panel discussion, applications, and funding recommendations.

All inquiries about panel results and proceedings must be communicated to the NYSCA staff directly.

## **Upon Receiving a Grant**

### ***Grant Award Notice***

All applicants are notified by e-mail of the Council's funding decision within 30 days of the Council's decision. This notification is sent to the e-mail address of the person designated as the contact on the Organization Profile.

It is essential that the applicant Organization Information Profile specifies the correct name and e-mail of the person designated to receive official communication from the Council. This information can be updated and checked at any time.

### ***Vendor Responsibility***

Applicant organizations must file a **Vendor Responsibility Questionnaire** online via the New York State VendRep System. Applicant Organizations that had completed this requirement in FY2016 should simply update the certification to remain current for FY2017. To enroll in and use the New York State VendRep System, see the VendRep System Instructions available at [http://www.osc.state.ny.us/vendrep/vendor\\_index.htm](http://www.osc.state.ny.us/vendrep/vendor_index.htm) or go directly to the VendRep System online at <https://portal.osc.state.ny.us>

### ***NY State Department of Taxation and Finance***

Organizations with outstanding liabilities with the NYS Department of Taxation and Finance are not eligible for funding from the Council. Applicants may be required to provide proof that any such liability has been paid.

### ***Cultural Services Contract***

Grantees receive a Cultural Services Contract that details one or more grants awarded to the organization. The Cultural Services Contract is a binding legal agreement that requires the grantee to carry out certain activities or provide services, paid for, in part, with funding received from the Council.

Noncompliance with the terms of the Cultural Services Contract may require the return of funds to the State, and may affect eligibility for future requests for Council support.

### ***Crediting the New York State Council on the Arts***

Grantees are required to acknowledge funding from New York State. It is essential that the public is informed that public funds are used to support arts programs and services available to New York State residents,

students and visitors. Therefore it is stipulated in the Cultural Services Contract that grantees must credit the Council in press releases, advertisements, programs, and other materials offered to the public. Failure to comply with crediting requirements may jeopardize future funding from the Council.

The required crediting language is:

***"New York State Council on the Arts with the support of Governor Andrew M. Cuomo and the New York State Legislature."***

For organizations receiving General Support, acknowledgement of Council support is required for all public programs and services occurring within New York State. If the grant funds projects or services, the acknowledgement of Council support is required on all materials related to the specific funded activities.

Any questions about proper acknowledgement of Council support may be directed to the [Help Desk](#).

### ***The Council on the Arts Logo***

For organizations wishing to incorporate the Council's logo in their print or online materials, the logo is available in [Green](#), [Black](#) and [White](#). Each zip folder contains .EPS, .TIFF and .PNG format of the logo. Black and green logos are also provided in .PDF and .JPG formats. The logo may not be substituted for the required crediting language but may be used in addition to the required language.

### ***Contract Reporting***

All grantee organizations that are awarded a contract in an amount of \$50,000 or more in a single year or \$50,000 or more in the aggregate for a multi-year contract, must submit both an Interim Report and Final Report to NYSCA. Both such reports are comprised of two components – a narrative section that must address the work plan, tasks and performance objectives outlined in the original application, and an expenditure reports that must offer details on how the NYSCA grant money has been spent to date. The expenditure report should be a line-item budget and should be accompanied by receipts, invoices and other documentation that demonstrates that the work has been performed or is scheduled to be performed or is underway and funds are committed to the project.

The Interim Report is due after the start of the contract term. The exact due date will be included in your contract. Upon submission, the Program Director and Senior Auditor will review the Report. If satisfactory, your second claim installment payment voucher will be released. A Final Report is due within 60 days after the end of your contract term. Once again, the Final Report should be comprised of both a narrative report of the work performed throughout the contract period as well as an expenditure budget.

Grantees awarded less than \$50,000 either in a single year or in the aggregate, are required to submit only a Final Report – comprised of both a detailed narrative portion and an expenditure report – within 60 days after the end of the contract term. The Final Report must be received by the required deadline, should demonstrate compliance with the terms of the Cultural Services Contract, and must be approved by both the Program Director and the Senior Auditor.

NOTE: An organization is not eligible to register for new or ongoing (multi-year) funding nor to be issued new Cultural Services Contract(s) if the above required Reports are not submitted or if the Reports submitted are incomplete or if they are disapproved by staff.

## Appeals Process

An applicant may appeal the Council's funding decision. The appeals procedure is set forth in Part 6401 of the New York Codes, Rules and Regulations. Appeals are decided by an Appeals Panel with a minimum of seven members. No members of the Appeals Panel will have participated on the panels which reviewed the applications being appealed. The recommendations of the Appeals Panel are presented to the full Council to be reviewed and decided upon. The Council's decision on an appeal is final and not appealable.

In summary: the process requires that the applicant obtain a verbal statement of the basis for the Council's decision. Requests for statements should be made to the program referred to in the letter notifying the applicant of the Council's decision. If, after reviewing the statement, the organization wishes to pursue an appeal, the appeal must be made in writing to the Council's Executive Director, and the letter must be received no later than 5:00pm on the 21st calendar day after the date of the Council's notification letter to the applicant. If the applicant has not been able to consult with the appropriate program within the time limitation, a written request to appeal must still be submitted within the 21 calendar day time period.

Thereafter, the applicant will receive a written response and in that response, a deadline for the submission of all allowable material supporting the appeal will be established. No deadline date will be set earlier than seven days from the date of the written response. Failure to meet any deadline date in the appeals process results in the loss of the right to appeal the Council decision.

The Appeals Panel evaluates the review process by which the initial grant decision was made and reviews the application and panel notes. The panel does not review the artistic merit of the application.

Dissatisfaction with the denial of a grant or with the amount of the grant is not a valid ground for appeal. One or more of the following are valid grounds for appeal:

- 1. Non-presentation of information**

Information known to the Council staff prior to the Council's decision that was not presented and that might have altered the decision.

- 2. Misrepresentation of information**

Information known to the Council staff prior to the Council's decision that was changed in its presentation and that, if presented differently, might have altered the decision.

- 3. Improper procedure**

Contention by the applicant that: 1) the review of the funding request by the appropriate panel was biased; 2) the decision by the Council was arbitrary and capricious.

If the appeal request is successful, the funding decision will be reconsidered by the appropriate program and panel and then by the Council committee and the Council. In the case that the appeal is upheld based on panel bias, the decision will be reconsidered directly by the appropriate Council committee and then by the Council.

All appeals panel meetings are open to the public and are webcast. The Appeals Panel meeting agenda and discussion materials are posted on <http://www.nysca.org/> in advance of the meeting and are available for review by the public.

## Transparency

The Freedom of Information Law, N.Y. Public Officers Law §§ 84–90, grants the right of access to many public documents, including those of the Council on the Arts.

Pursuant to New York’s Open Meetings Law, N.Y. Public Officers Law §§ 100–111, meetings of the Council on the Arts are open to the public and are announced in advance.

# Architecture + Design Program Information, Questions & Support Materials

## Program Goals

Design is everywhere. From the Montauk lighthouse to Buffalo's Olmsted parks, from Manhattan's skyscrapers to Adirondack camps, from Russel Wright tableware to Tiffany jewelry, New York State boasts testaments to the importance of design in the world around us. Architecture + Design supports organizations and individuals working to further innovation and excellence in the design arts, to promote the preservation and interpretation of New York State's architectural + design heritage and to encourage the development of design literacy for all New Yorkers.

The NYSCA grant program strives to make investments of public funds that serve all communities and people that comprise New York State's citizens and visitors. NYSCA strongly supports, values and encourages the sustained and concerted efforts of non-profit art, culture and heritage organizations to be inclusive and have its workforce, artists and programmatic offerings reflect New York State's diversity of people, geography and artistic interests.

## Program Prerequisites

- The program prioritizes the fields of architecture, landscape architecture, historic preservation, fashion, graphic, industrial and interior design.
- Applicants may make one request in the Architecture + Design Program, not including the Council-wide exempt categories.

## Types of Architecture + Design Support

**Applicants may make a total of two requests Council-wide, except in categories exempt from the two-limit request (see below).** Applicants to the Architecture + Design Program may make one request.

### ***General Support***

General Operating Support represents an investment by NYSCA in an organization's ongoing work, rather than a specific project or program. General Operating Support seeks to reward exemplary practice in all areas of administration, finance, programming, and other organizational activities for organizations whose mission is in one of the design fields supported by Architecture + Design.

General Operating Support is directed toward ongoing activities of arts and cultural organizations, arts and cultural programs operated as independent entities within their own organizations, or significant ongoing arts and cultural programming within organizations whose mission is not primarily arts based. For example, *a community design center operated as a separate entity within a college or university.*

When considering General Operating Support the Council examines the nature, scope, and quality of an organization's programs and activities, its managerial and fiscal competence, and its public service.

General Operating Support grants will be no less than \$5000 and will not exceed 25% of an organization's budget, based on the income and expense statement for the organization's most recently completed fiscal year. General Operating Support is awarded on a multi-year basis.

Sponsored Projects are Not Eligible for Support in this Category.

**Prerequisites:**

In order to be eligible to apply for General Operating Support, an applicant organization must meet the following minimum criteria:

- Its primary focus or mission must be in Architecture + Design – in the fields of architecture, landscape architecture, historic preservation, fashion, graphic, industrial and/or interior design; or the organization must have significant ongoing activities in those fields; and
- It must have ongoing programs, exhibitions, productions or other art and cultural activities focused on fostering an appreciation of relevant design field(s) that are open to the general public; and
- The organization makes evident a substantial commitment to design, with a prior record of accomplishment in producing or presenting cultural activities; or the organizational mission is primarily devoted to a design field, with a prior record of accomplishment in producing or presenting cultural activities; and
- It must demonstrate fiscal stability as indicated by such factors as a positive fund balance, an absence of substantial, recurring organizational deficits, a realistic and balanced organizational budget, diverse revenue sources, and strong internal controls; and
- The organization must currently employ one or more qualified, salaried (not contracted) full time or part time administrative staff; and
- It must have a viable, committed board of directors with officers that exercises oversight and accountability for governance, operations, programming and finances; and
- It must demonstrate a consistent policy of fair payment to artists.

**Project Support**

Project Support is provided for applicants from a variety of arts disciplines undertaking projects or Project Support offers funding for projects or programs which promote an understanding of architecture and/or design, and may be directed at a general or professional audience. Such arts and cultural programming might include: exhibitions, publications, workshops, conferences, public programs, or services to the field. Projects are welcome in the fields of historic preservation, architecture, landscape architecture, fashion, graphic, industrial, and interior design.

Neither restoration nor preservation projects are supported in this program. Project Support grants will be awarded for minimum of \$2,500. Generally such grants are no larger than \$25,000. Project support grants may not exceed 50% of the project budget.

Sponsored projects are not eligible for support in this category.

**Prerequisites:** None

**Independent Projects Support**

Independent Projects allow for individuals (or a team) to creatively explore, or to research an issue or problem in the fields of architecture, landscape architecture, historic preservation, fashion, graphic, industrial and/or interior design which advances that field and contributes to a broader understanding of design. The category seeks projects that are innovative in nature and emphasize artistry and design excellence. Projects may lead to the creation of design prototypes, explore new technology which

impacts design, research a topic in design or architectural history, or engage in critical or theoretical analyses.

Each application by an individual (or team) must be sponsored by an eligible New York State nonprofit organization. The Council cannot make grants to individuals. Grants are awarded to the sponsoring organization, which then directs the funds to the applicant individual (or team).

Sponsoring organizations should work with the individuals they are sponsoring – parts of the application must be completed by the sponsor while other parts must be completed by the sponsored individual or team. The sponsoring organization will have to upload all materials; thus it is critical for the individuals (or teams) to be timely in working with their sponsor so all of the correct information can be submitted by the deadline.

Funds awarded for Independent Projects are individual artist awards, but are not fellowships. All funded projects are awarded the full amount requested up to \$10,000. Requests must include the artist's fee and may include related project expenses. In addition, sponsoring organizations are eligible to receive an administrative fee of \$750 for each funded project. This must be included in the project budget.

***Prerequisites:***

**NOTES ON NONPROFIT SPONSORSHIP OF APPLICATIONS:**

Sponsoring organizations serve as fiscal agents for the project and generally limit their role to assisting in the application process, receiving, disbursing, and reporting on grants. The sponsoring organization may provide additional fiscal and administrative services to the architects and designers they sponsor at their discretion. All sponsoring organizations should work with the architect(s)/designer(s) to comply with the Architecture + Design Program's requirements and procedures.

Please enter the Project Title in the registration form as: Last Name: Project Title, for example: Jones: Solar Architecture or Smith/Lopez: New Materials in Fashion.

**INDIVIDUAL (OR TEAM) APPLICANTS:**

In order to be eligible to apply for Independent Project Support, the **sponsored individual (or team)** must meet the following criteria:

- The individual (or team) must be professionals in their related architecture, design and/or historic preservation field. Architectural and design historians qualify. Visual artists whose work references the built environment are not eligible for support.
- The project must emphasize design and reflect one (or more) of the fields supported in the category: architecture, landscape architecture, fashion, graphic, industrial and/or interior design.
- This category cannot support past work or current for-client, commissioned work. It is intended to support new ideas and explorations which further the evolution of relevant design fields, and is self-generated by an individual or team.
- Individuals may be associated with only one project request per year. If individuals appear on more than one request, both requests will be deemed ineligible for support.

- Faculty in architecture or design schools are welcome to apply. However, their proposed projects must not be part of a course curriculum. Research-based studios may be eligible if the applicant can clearly make the case that the work is not related to University curriculum.
- Student projects are ineligible for support. Currently matriculated students must document that their projects are not related to the completion of a degree.
- The individual (or team) must provide evidence that they are current New York State residents. Proof of New York State residency requires **two** of the documents **per individual** from the list below. All documentation must contain the individual's name and address. Documentation must be dated no earlier than 2015.
  - Telephone Bill.
  - Credit card and/or bank statement (*name and address page only; financial and account information should be blocked*).
  - NYS or Federal Tax Form (*first page only; social security and financial information should be blocked*)
  - Current lease or mortgage agreement for a home residence listing *the individual's name and showing a NYS address*.
  - NYS Driver's license or NYS ID card. License number may be blocked.
  - Voter's Registration card.
- NYSCA funds cannot be used for out-of-state travel expenses.

#### **NOTES FOR ARCHITECTS/DESIGNERS:**

Individuals must identify a sponsoring non-profit organization which is eligible to apply to NYSCA. These organizations must be non-profits which are pre-qualified in New York State's Grants Gateway system. Potential applicants may search "Past NYSCA Grants" at [www.arts.ny.gov](http://www.arts.ny.gov) under the Architecture + Design Program to identify organizations which have sponsored individuals in the past, or reach out to a non-profit on their own. Some non-profits issue calls for architects/designers, inviting them to be sponsored. When selecting a sponsor, the architect/designer must understand his/her responsibility to that organization during this process and are strongly encouraged to meet with the sponsoring organization prior to the preparation of the application.

#### ***Regrants and Partnerships Support***

Application to the Regrants & Partnerships Programs category is by invitation only. The Council may contract with nonprofit organizations to administer targeted funding and technical assistance in areas not directly funded by NYSCA Programs. Organizations are invited based on an identified, unmet need within a discipline by Program staff and the service profile of the applicant organization. This category covers a range of services from the administration of technical assistance funds to fees for artist appearances. Organizations applying to the Council in this category must show a willingness to reach beyond their membership in providing services or regrant awards.
